

USE THE RIGHT KIT FOR THE RIGHT JOB

Propspeed® Commercial Kit

Product code:
PSCKIT-EU

THE COMMERCIAL KIT INCLUDES:

- 1x 500ml Propprep
- 2x 960ml Etching Primer Base
- 2x 240ml Etching Primer hardener
- 1x 1280ml Clear Coat
- 2x stirring sticks

COVERAGE GUIDE FOR PROPELLER:

2x Propellers: 165-203cm Surface: 14.2m²

KIT USAGE

The **Commercial Kit** is the equivalent of **4 Large Kits**, and doesn't need to be used all at once. With 2 x Etching Primer Base and Hardener, **half can be mixed for one job and the other half saved for another job.** Propspeed's Clear Coat will keep, provided it is repackaged correctly with no air in the can.

1x PSCKIT
 =
4x PSLKIT

WHY?

- Reduce running costs, emissions, and save fuel
- Operational readiness
- All-in-one protection
- Biocide free
- Reduced anode fall out
- Transfer of invasive species
- Superior adhesion to metal

WHEN?

The **Commercial Kit** is ideal when using on most commercial vessels, **18 meters and over.**

18m
